DESIGN PROJECT

Bokacha Website

I was responsible for designing a website for Bokacha coffee shop. The tasks included: brainstorm ideas, sketch out low-fidelity, developed high-fidelity wireframes, clickable prototypes on Figma.

Grocery List Application

Grocery List is a mobile application that I created as part of my UI design course. As a sole designer, I designed this project from ideation to final design. Tools: Adobe XD.

My Own Website and Logo

I used Adobe Illustrator to create my logo and Figma to design my portfolio website.
